The attorney's office is going through a similar learning curve on the legalities of the ordinance including the revenue limits of prior year spending, how the year 2013 affects the amount that must be deducted from taxes and what services the ordinance may and may not cover. They have provided information on fire fees for the board to consider and a draft ordinance as of last Friday. Shaw questioned as to whether non-tax property could be included in the fire fee division. Fire Chief Dickman warned of concerns over the use of water at the State Prison Site if the fee were applied to that property.
